

Why Preventive Care Plans?

Preventive Care Plans provide preventive veterinary services for one year, with the cost divided into 12 affordable monthly payments. You can upgrade your plan as your pet ages.

All plans include:

- Recommended vaccinations and annual preventive diagnostic screening tests.
- 12 affordable monthly payments.
- Preventive care examinations.
- Additional discounts on eligible items that are not included in the plan.
- Unlimited access to the Self Service Dog Wash during business hours.

At Country Hills Pet Hospital, we look forward to helping you provide your pet with the best possible care at every stage of life. Preventive Care Plans help us make that care more affordable and convenient for you.

Ask one of our team members about Preventive Care Plans and which plan is right for your pet.

Preventive Care Plans

Preventive Care Plans overview

Help your pet get started on the right paw. Puppies and kittens inherit a natural immunity from their mother that protects them from birth until about 6 weeks of age.

After 6 weeks, your pet depends on you to continue that protection until their own immune system is fully developed. Our **Preventive Care Plans** are designed to continue that protection by providing all services necessary to carry your young pet through the important first year of life.

Preventive, routine health care is the key to a longer, happier life for your young pet. The puppy and kitten plans offered by **Country Hills Pet Hospital** include recommended preventive care examinations, vaccines and diagnostic tests necessary in the first year of life.

What's even better, Preventive Care Plans are good for your pet and your wallet.
